

Surrenden Area Parking Campaign
Working for better, fairer & safer parking
in the Surrenden Area

Considerate Parking Notice

Roads in the Surrenden Area are extensively used by drivers and pedestrians, including many school children, making it important that there is clear visibility at all times so that roads can be crossed and vehicles driven, in safety.

Local residents are concerned that some visiting drivers are disregarding this requirement, by parking vehicles at road junctions in a dangerous manner, parking high-sided vehicles, often for long periods of time, and as well as leaving vehicles inconsiderately across driveways.

You are one of these drivers.

Your understanding of the benefits of considerate parking is appreciated.
